- in the association: 4193
- in the country: 75 000 (75 % are private practitioners ; others are salaried)

Headquarters:

The headquarters of French physiotherapy Federation are located in Paris. The staff number is 40. The FFMKR is a syndicate which includes 98 trade unions from all the French departments. It means we are represented in the whole France. There is a board of directors constituted by 30 persons. There is a chairman, a vice-chairman, a general secretary and a treasurer. The FFMKR holds 4 meetings a year and its annual congress in June.

Migration Information:

[FRANCE](#)

Physiotherapy Education:

At present, the diploma of State of physiotherapist is recognized Second-year university level for 3 years of studies more 1 preparatory year. It is one of the weakest level in Europe.

The reform proposed by the government confirms this established fact by a rank License (Bachelors degree + 3 for years of studies). The proposed reform does not thus contains real advances.

The quasi-unanimity of the physiotherapists (92 %) asks for a recognition of their diploma at the rank of Masters degree and for one very big majority (59 %), the preservation of the first year common to the studies of health (PACES).

Secretariat:
Rue de Pascale, 36

fax: (+32) 2 231 5064
e-mail: info@physio-europe.org

THE FFMKR reminds that, if the profession asks 5 years of studies, it is in particular to enhance the basic knowledge and so answers the justifiable expectations of the patients. The rank License (Bachelors degree) cannot satisfy the new requirements and the new missions imposed by the texts of law.

That is why, the French Federation of physiotherapists (FFMKR) repeats its following proposals :

- The preservation and the generalization of the PACES, as year of training orientation selection.
- 4 years of specific training allowing to invest completely areas of competence and pulling a recognition of the training of the physiotherapists in the Rank Masters degree.

There are 40 schools of physiotherapy in France.

There is 2 495 students admitted in 1st year.

There is no school in our premises but there is an Institute of physiotherapy which provides continuing education. Since one year continuing education is compulsory.

There is a total of 1 860 hours of studies (during the 3 years of school of physiotherapy).

Status of profession:

Professional Title/ Qualification: Diplome d'Etat de Masseur Kinesithérapeute There is a medical code of ethics and professional secrecy is determined by law. The activity of the physiotherapist is also defined by law. The national authority responsible for the physiotherapy profession in France is the Ministry of Health. There is a limit for foreign Physiotherapist employment (approx. 1% of total employment opportunities).

The title is protected. In France the title of physiotherapist is reserved for the people who have obtain a French diploma validated by the National Council of the order of the physiotherapists.

Practice of physiotherapy:

Secretariat:
Rue de Pascale, 36
