Further requirements:

There should also be a firm offer of employment in Greece and work permits should be obtained from the Ministry of Work and the Ministry of Health specifying physiotherapy.

The Panhellenic Physiotherapists Association is the regulating Body for recognition of applicants from other EU countries according to the Directive on Recognition of Professional Qualifications 2005/36/EC, and successful applicants should register with the Association. There are 54 different Health Authorities in Greece, corresponding to each of its Prefectures. Subsequently, registration with the respective Health Authority corresponding to the Prefecture the migrant wishes to seek employment is required. The Ministry of Health-Department of Health Professions can provide the details of all Health Authorities, upon request of the applicant.

Adaptation periods may be applied in the framework of the Directive 2005/36/EC, but no aptitude tests are required.

Knowledge in the Greek language is desirable and must in some cases be achieved (please consult with the Ministry of Health).

The migrant does not have to serve any special conditions in order to become a member of the Panhellenic Physiotherapists Association.

Please contact the Panhellenic Physiotherapists Association for any further details.

Please contact the Greek Association for further details.
